Tertiary:

VMF pallet
in tertiary packaging: 20 boxes = 5280 pieces
Weight: +/- 463,8 kg
Standard height: 1200 mm

DISCLAIMER:

The information on this technical data sheet is valid only under the following conditions: The product is used in normal intended conditions and purposes (use). No changes and/or substances (intentional, non-intentional and/or by use) are applied and/or added to the product that could affect the nature and composition (a degeneration and/or a denaturation) of the product. The product may only be used for the foods, contact times and contact temperatures specified in the Declaration of Conformity.

LIMITING FACTORS:

Our products are suitable for single use only. If reused, mechanical and/or other properties may change and suitability for food is not guaranteed and is not covered by this document. It is the user's responsibility to ensure that their process is compatible with our product. It is the user's responsibility to check and test the suitability of the product for its intended use, the shelf life of the food, and the compatibility between the food and the product. It is the user's responsibility to test that the product does not alter the organoleptic properties and/or composition of the food.
